

CAPTURING DIVERSE STORIES

Who we are

We are a consultancy firm based on Wadawurrung Country. Our work is a unique blend of advocacy for change, cultural exchange and creativity. Inclusion and equity guide our practice; we listen and help you capture diverse and unheard voices. We believe in the power of people and their stories.

We offer a range of bespoke programs and services to our clients. After an initial conversation with you, we will design a program that is relevant to your specific needs and demographics.

What We Do

Culture & Diversity

Provision of consultation and training to organisations to understand culture and its diversity

Community Leadership Programs

Designed to support community leaders to enhance their skills in working with the community to advocate for change

Community Training Programs

(Project management, Evaluation, Grant Writing, Communication and Public Speaking)

Strategy and Policy Development

Provision of bespoke strategy and planning evaluation and development

Community Consultation

Design and delivery of community consultation and engagement projects to ensure that all population groups are included in the process

Anti-racism Training

Providing organisations and community groups with practical skills to understand racism and how to be an anti-racist
